CONVENTIONS - COLLEGES - PARTIES - SPECIAL EVENTS
WEDDINGS - RECEPTIONS - CLASS REUNIONS

Dear Entertainment Buyer,

Want your party to be remembered? Want your special event to be more special? For all your important functions, you want the best, right?

Introducing **The Fabulous Boomers Band** for all your party needs - Middle Georgia's finest party band. We're a professional, 8-piece group that features the classic oldies, beach music, progressive country, and contemporary adult hits - from the Blues to the Boardwalk, from Solid Soul to Satin Sheets, from Down-home Country Cookin' to Southern Nights Jukin'. We are a band that can provide soft dinner music at the beginning of the evening or start off with music selected from our song list. There's something for everyone!

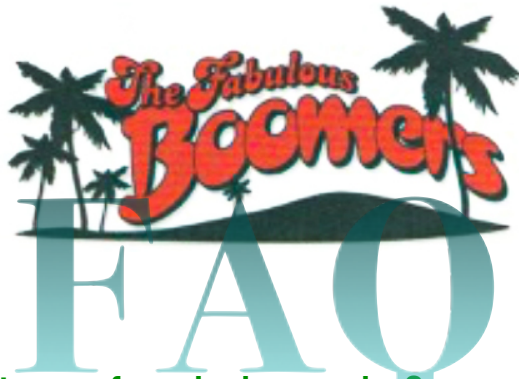

The Fabulous Boomers Band features 4 lead vocals (2 male/2 female), saxophone, trumpet, electric and acoustic guitars, keyboard, bass and drums for your listening pleasure. We can tailor a performance to meet your musical taste, and your special song request is our pleasure (just make sure you give us enough notice, please!) And - from formal wear to beach attire - we dress to fit your event!

Contact Larry Finney, Manager, at FabulousBoomersBand@gmail.com, or by calling 478.474.7339 or 478.461.2351, for additional information and to check our availability. Let The Fabulous Boomers take you back to that place.

Thank you for your interest and consideration!

Larry Finney
Manager

What types of music do you play?

The Boomers Band has quite a diverse repertoire, with music that includes songs from the 50s-60s-70-80s, Motown, R&B, Beach, Pop, Country, and so much more. We are constantly adding to our song list. We work to promote an atmosphere that allows our audience to interact with the band. All material is performed live.

How many musicians are in the band?

The Boomers Band is an 8-piece band including 4 lead vocals, keyboard, bass, guitar, lead guitar, drums, saxophone and trumpet. All band members assist with crowd participation. We also have a sound tech who travels with us.

How long will the band play?

On average, 2 to 4 hours, depending on the type and time of the event. Each set is approximately a 45 - 60 minute performance with a 15 minute break, and includes a lot of songs for the allotted time. We also provide appropriate music during our break time and can work our breaks around your specific schedule.

How much does it cost to book the band?

Cost is influenced by several factors, such as:

- ◆ how long you want us to play and/or be present at your event
- ◆ travel time and distance from our location (Macon, GA)
- ◆ when your event takes place (i.e., holidays, weekdays, daytime, evening, night time, etc.)
- ◆ we provide our own sound equipment and lighting which is appropriate for most shows, however, additional sound and lighting can be provided if needed at an additional cost.

Most events range between \$1400 and \$3000 However, depending on the exact circumstances, especially if there is a lot of travel involved, the price can run as high as \$5000. Please contact us so we can discuss your specific needs and give you a more accurate price.

Can I request special songs for my event?

Yes, you can. We would be most happy to perform them live or to play them from a CD, at our discretion. We are able to find information about most songs with no

problem, however, there are some that are difficult to find and we may need your help by providing us with a CD, sheet music, etc. Remember to give us ample time to learn your song.

Can you adjust your sound volume to fit my type of event?

Yes, we can. We are concerned about volume too, and suggest a consultation prior to the event so we can make sure the performance is exactly what you expect. Most of our events come from referrals by our previous clients. We have found that our sound level is very appropriate for a dance/party setting. Please let us know who will be the contact for appropriate sound level during the event.

Can the band help us with special announcements, etc, during the event?

Yes, we will be glad to make any announcements. As an example, we announce wedding parties and generally keep your guests informed about the events taking place during the show. In all cases, we like to discuss your needs in advance. Please appoint someone to be the liaison for any questions that may arise during the event.

Is there a microphone available if I want to make announcements?

Yes, we will be happy to provide you with a microphone to make your own announcements.

What electrical needs will the band have?

The band requests (3) 20-amp circuits dedicated solely for band use. This is the optimal situation. The outlets need to be within 20 feet of the stage area. In the vast majority of modern facilities this is not an issue, however, please check with the manager of your facility in advance. We can get by with less power but it may limit us with our lighting.

What other needs does the band have for setup?

An optimum band setup is 12 ft deep and 24 ft across the front. A stage this size is ideal to allow for more movement on stage and, therefore, more interaction with the crowd. For outdoor events a level, covered stage is strongly suggested. If your space is limited, please let us know in advance during the consultation and we'll work with you.

Thank you for allowing us to serve you. Don't ever hesitate to contact us for any question or request.
